

Coalition for Advancing Jewish Religious Equality in Israel

Mission Statement

Statement of Goal

To strengthen religious freedom and equality in Israel, allowing for full exercise of freedom of conscience, in matters of personal status, as befits a democratic and Jewish state, and as would enhance Israel's ties to world Jewry.

Immediate Objective

To create a coalition of Israeli and American Jewish organizations and individuals in support of Israeli-based initiatives to encourage recognized alternate options to the Chief Rabbinate's exclusive authority over Jewish marriage, divorce, and, by extension, conversion to Judaism.
